AGENCY

SECCA is a non-profit organisation designed to support people with disabilities, in their efforts to learn about human relationships, sexuality and sexual health.

Research shows that relationships and protective education:

- improves self-esteem;
- reduces rates of unwanted pregnancies and unsafe abortions;
- prevents STIs;
- reduces risk-taking behaviour;
- reduces the incidence of abuse and sexual violence;
- delays sex among young people;
- promotes respectful relationships;
- promotes personal safety;
- provides skills to deal with life's challenges.

The SECCA App

We developed the first version of the SECCA App for the most vulnerable of our community - people with intellectual disability.
